Boom

Great Many People Clamoring For New Home Construction But Contractors Cannot Accommodate Them Owing To Lack Of labor And Scarcity Of Building Materials—A Lot Of New Buildings Now Under Con-

absolutely safe in saying that if labor in the building trades was obtainable and good building materials available, that 200 houses would be built in Grimsby year. People are clamoring to get new homes constructed but owing Hunters' Paradise to acute shortages the local contractors are unable to handle the great demand.

All contractors in every line have booked every job that they possibly can handle under the present situation and are turning down work in all directions.

ber of the Association.

The biggest, the best, that Lions Club has ever held in Grimsby, not even barring Ladies' Night, was the Father, Son and Daughter Night on Tuesday night in the Oak Room of the Village Inn. It was just one school kid occasion and to tell the truth a lot of the fathers and foster fathers were bigger kids than the kids they had with them.

Imagine Earl Marsh, Carman Millyard, Charlie DelaPlante and Ken Baxter sitting on the rostrum being made up like ladies, by their own daughters. It was a great act that Tail Twister Aub. Crich pulled, and did the kids like it.

FACTS & FANCIES Frank Fairborn, Jr.

YOU SAID IT

When a plumber makes a mistake he tries to fix it.

When a lawyer makes a mistake, he has a chance to try it all over again.

When a carpenter makes a mistake, it is just as he expected. When a doctor makes a mistake, he bur-

ies it. When a judge makes a mistake, it be-

comes the law of the land. When a dentist makes a mistake, he pulls it.

When a preacher makes a mistake, nobody knows it.

But, when the editor makes a mistake . . it's just too bad.

CHAMBER OF COMMERCE IS REALLY DEAD

On the casualty list of the war you can add the name of The Grimsby Chamber of Commerce, for it is really dead, dead both ways from the middle, and so far as I can ascertain there is not much chance of reviving it, unless some entirely new blood jumps into the breach and gives the organization a shot of TNT.

When the war broke out the local C. of C. like other organizations of a like nature went dormant. Which was quite correct. But it is almost a year since V-E Day and no effort has been made by the officers in charge at the time of suspension to get the Chamber functioning again. Erwin Phelps was the President then and he has made no move to call a meeting to have the body get into active work. Robert C. Bourne was Secretary and he has through the years carried on some work that needed attention, at his own expense. Today and for weeks past he has been receiving all kinds of letters and other data in connection with the Chamber which have only found their way to his wastepaper basket, and rightly so, for why should he carry on the business affairs of the Chamber at his own expense.

As the situation stands now the merchants, manufacturers, and other businessmen of Grimsby are just a bunch of stotten bottles sitting alongside the road watching the world go by and plenty of golden opportunities with it.

Something has got to be done to get the Chamber of Commerce revived. We are missing too many opportunities, and will miss many more, to further develop our Town and Township in all lines of endeavour.

In this connection I quote a paragraph from an article which appeared in "The Lion" the official magazine of the Lions Clubs, published at Chicago, Ill. It is very timely and fits our case like the skin fits the banana. Here it is:

"There may be still some around who consider The Chamber of Commerce and a Lions Club are not partners. But such people will have no supporters in Whitefish, Montana."

"The Chamber of Commerce of that mountain town had slipped badly during the war years. The Lions Club was concerned to the point of establishing a committee to build it up. Within 24 hours of the meeting at which the committee was appointed, the Chamber had 65 new members, each pledged to support it for one year. The Lions Club sponsored the mass meeting for the election of officers to vacancies on the Chamber board, at which two of the directorship were filled with Lions."

There you are, folks. I claim that the mantle of responsibility for calling the first meeting of the Chamber and getting re-organization under way hangs squarely on the shoulders of Erwin Phelps, President of the Chamber at the time that it went dormant, not on the shoulders of the Lions Club. But if need be, I will personally go to the Lions Club and request them to appoint a committee to get the Chamber reorganized and back into active work.

Something has got to be done and done

right away or else in three years by will just be another whistling poe Grims-C.N.R. instead of a sub-divisional pst on the present. point as at

NEW TOYS AT LAST

Toyland has been a drab place few years, with most of the materichese past for playthings allocated for sterner p needed But a new day is at hand if plans of rposes. manufacturers materialize. the toy

Imagine the eyes of little Johnnie, who has known only wartime substitutes, when he sees an electronically controlled train with a locomotive puffing out white smoke rings, a jet-propelled airplane with seven-inch wingspread, aluminum scooters, sleds and roller skates, all light as a feather, and an automobile that looks like dad's with an automatic contraption that makes it practically steer itself.

And Jane will squeal with delight when she cuddles a talking doll with movable eyes and sees the double-decker crib in which to rock it. There also will be such long-absent dollhouse furniture as water kettles, hurricane lamps, and andirons.

While most of these wonders won't appear on store shelves until fall, the gates of toyland already have opened wide enough to insure a happier future for the little folks who have gone so long without.

Of course, we don't know yet what Johnnie's favorite will be, but his father can hardly wait for that electric train with the puffing locomotive

KING JAMES

(Collier's National Weekly)

The latest attempt to revise the King James version (1611) of the New Testament has now appeared in print, with a similar operation on the Old Testament expected to be completed about four years hence. It is the product of some earnest and distinguished Biblical scholars; and from what we've read read of it, it is a flop, as all the others have been. It is called the Revised Standard Vers-

In support of our low opinion of the work, we give you some comparative passages from the old rendition and from this newest one:

him be Anathema, Mar-

(Revised Standard

Peter, and on this rock I

will build my church, and

the powers of death shall

not prevail against it.

And I tell you, you are

The wind blows where

. If anyone has no love

for the Lord, let him be

whom He is pleased.

Glory to God in the

If I speak in the tong-

an-atha. (I Cor. 16:22)

(King James) Glory to God in highest, and on earth peace, good will toward men. (Luke 2:14)

Though I speak with the tongues of men and of angels and have not charity, I am become as sounding brass or a tink-

ling cymbal. (I Cor. 13:1) And I say also unto thee, that thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it. (Matt.

16:18) where it listeth. (John 3:

If any man love not accursed Our Lord, the Lord Jesus Christ, let

The object of this inane watering down of the King James version is to popularize the Bible; to induce more people to read it. This, though the Bible goes on, year in and year out, being one of the world's top best

The catch is that the 54 scholars commissioned by King James I of Great Britain to translate the Bible in 1604-11 functioned at a time when the English language was in full, robust strength. These men's virtually flawless prose rendition-actually, poetry printed in prose format-has come rolling down the centuries in unsurpased majesty, beauty, sonority. Much the same is true of the Douay New Testament, compiled by Catholic scholars at about the same time. You might as well try to rewrite Shakespeare, Boswell, Browning or Kipling. The enormous energy expended in these recurring attempts to improve on King James' men would better be shot off in more worth-while and more rewarding directions.

WELCOME! WELCOME!

The Daily Mail of London, England, recently said. "Britain's young people are turning from swing and jitterbugging to traditional English waltzes, lancers, quadrilles, shottisches and polkas-and their parents are teaching them the steps.

"This reaction from the extravagant forms of dancing introduced by American soldiers is so strong that on Saturday nights 500,000 people join in dances which were popular 30 years ago, and on week nights it is estimated that at least 300,000 attend the 'Gay Nineties' clubs all over the country.

"A music publisher said. 'The demand for old dance music is more than we can cope with at the moment. We sold our whole stock of printed copies months ago, and now we have to reprint from 30-year-old plates'."

Isn't that welcome news? It won't be long until it strikes over here too. But it can't come to soon. Then when the girls and boys start talking, stop shouting, discard head diapers, pull up their socks, wear their clothes right side out, wash behind their ears and around their necks, won't it be a restful time for old eyes and ears.

Frank Fairborn, Jr.

The sale of the Dr. Sinclair property to Dr. Mc-Intyre brings back a flood of memories, for it was in this old home on the 17th day of February 1890, at half past one in the morning that Dr. R. A. Alexander brought me into this world of turmoil and grief. There was a raging blizzard outside and I cried all night for fear that the Pater would send me out in the morning to shovel snow.

do I remember my kid days around this Well The day that the Molly nare and her little old place being turned out to pasture in the big yard behind the livery barn, and despite the fact that I had been warned a thousand times to keep away from the colts heels I did not heed. I was throwing pebbles at the little thing and got too close when it let go with both hind feet and one of them caught me under the jaw inflicting a big gash. Ma says they could hear me yell in Beamsville. Dr. Alexander drew the wound together with court plaster (there was no such thing as adhesive tape in those days) and never left a scar.

Besides running The Independent the Dad had a big livery busines, using from 40 to 60 horses. There was a big barn behind the house and another one behind the Lincoln House (Hotel Grimsby). I spent most of my time around the barns with the men and the horses and in the summer riding on the big high seat of the Grimsby Park bus with Alfred "Long" Teeter, (father of Mrs. James Gowland). Those were the days before the H. G. and B. electric railway. It was nothing in the Spring and the Fall for 15 and 20 outfits of different kinds, with drivers, to be away for a week with commercial travellers visiting every little country store all over the district. Some with a couple of sample cases, others with as many as 15 and 20 trunks. In those days store keepers bought a year supply of goods at one time.

A livery business in a good town or village like Grimsby was a big business and a lot of men were employed, "Long" Teeter was Dad's right hand man and some of the men who I remember working for him were James M. Wentworth, Murray Dennis, "Buck" Wentworth, George McNinch and a whole host of others. Up in the corner of the main part of the old barn (which was built by the late Dr. Jonathan Woolverton) was a small room, In this room were several skulls, a lot of other human bones and one complete skeleton, left when the Doctor died. I used to play with those gruesome toys.

Behind the house were always a couple of great long piles of cordwood, brought in by the farmers to pay their subscription to the paper. This wood was sawed up once and twice a year with a power saw, the power being a horse power, and used in the house and to fire the upright steam boiler that provided the power for the big newspaper press. In the Autumn the cellar was always full to overflow- end. ing with potatoes and vegetables of all kinds brought in by the farmers. What the household did not use the Dad peddled around the village.

It was in the old lane that us kids had an ice rink. On this rink "Dad" Farrell got his first lesson in hockey playing and I can safely say that this rink turned out, in "Dad", at least one star player. Next door on the east was the frame cottage of Jno C. and Sarah Farrell. I spent many happy hours with Grandma Farrell and must have eaten in my time at least a carload of her delicious cookies. In the Fall I used to help her peel and core apples and spread them out on trays in the sun to dry. Now they dehyrate them. "Honey" Shelton's Old Back Shop was

Midtown Garage has a new coat of paint,

It could only happen on Main street. Last week Audrey Hewson gave the staff of The Independent each a piece of the Hilts-Hewson wedding cake. That is the first time in 40 years that anybody ever remembered the poor Editor and his printers when the goodies were being handed out. Thanks, Aud.

also there in those days.

Out in front of the house and down the lane was an old picket fence. The walk leading from the treet to the front door was red brick. The locust trees were then saplings and in the back yard there ere four or five mighty good apple trees. One of my earliest recollections of the old original house (before it was rebuilt in 1897) was falling down the tortuous, twisting, narrow staircase from upstairs and breaking my collar bone. Also I have a vivid recollection of the fancy wedding that was held in the house when Annie Sturch, who was a lady compositor in the office was married to Frank Brydges, a steamboat captain from Kenora (then Rat Portage). The marriage vows were taken in the parlor, which is now the living room of the house, on the west

After the house was remodelled Francis Hill (now of Hamilton, who has been writing some stuff for this column) and I had a carpenter shop (?) in the tower portion of the square tower and the attic was a nest of railroad tracks made out of lathe sawed in two. The cars were cigar boxes with spools for wheels. He was some years older than I was and pretty handy with tools. Some of that old track was still in existence when Shafer Bros. remodelled the house in 1933 for Dr. Sinclair.

I have a lot of memories of that old home and could go on like this indefinitely, but suffice for this

Bouffant Frock Has Face Lifted

The bouffant evening frock, which had its heyday at the turn of the century, has had its face lifted by Irene, executive designer for M-G-M and is introduced by Judy Garland, Angela Lansbury and other feminine players in "The Harvey Girls", the new Technicolor hit at the Roxy Theatre on April 22-23-24, with a special Monday matinee at two. And this gifted designer predicts that it will be adopted by the younger crowd all over the country.

These dresses have leg-of-mutton sleeves of course, but they can be modified for modern use. Otherwise they have all the features that are loveliest for evenings - dropped shoulders, tiny waistline, full skirts which float through the dance.

All are made of crisp fabrics like taffeta, mousseline de soie, organdie, stiffened lace, eyelet embroidery. Many are trimmed with lace, bunches of flowers placed inter- Saturdays Only - 2 to 5 p.m. mittently all over the full skirt, velvet bows and streamers, handpainted posies and ruffles every-

What could be more appropriate for the first big occasion after the waring hero returns?

Law And Facts

They tell this story of a lawyer and his young neice.

"Tell me, Uncle John," said the niece, "If a man had a peacock and it went into another man's yard and laid an egg, to whom would the egg belong?"

The lawyer smiled indulgently and replied, "Why, the egg would belong to the man who owned the peacock, but he could be prosecuted for trespassing if he went on the other's property to get it."

The child seemed much interest-

ed in the explanation, but when it was over she observed agreeably. "Uncle, did it ever occur to you that a peacock couldn't lay an

(By Bones Livingston, Sportologist)

RIDING ON THE MERRY-GO-ROUND-Men's Bowling league finished their season last night. With the crazy, scrambled playoff schedule that they wound up with it is a wonder they are not all finished for good. That round-the-clock playdown system looked fine on paper but turned out to be a great thing for the aspirin manufacturers. In fact LITTLE WHIZZER owns a half interest in one of those pain relieving establishment by now The real big battle of the year will e on Wednesday night, May 1st when the keglers gather around the festive board in The Oak Room of The Village Inn. My advice to Peggy is to hide the silverware. There is one good thing about it, the boys do not have to travel afield to hold their banquet this year . . . SHIRLEY CORNWELL with 274 and ALLAN McPHERSON with 264 won the War Savings Stamps last week in the teen-agers division while VICKIE METCALFE with 248 and SEEING EYE BUCKENHAM with 302 the adults division of the money pot. . . . Well, congratulations MR. BAXTER, K.C., for those three most excellent games, your 221-194-240 almost puts you in a class with your boss, the near perfect score trundler. I've got dough that says that it will never happen again . . . From the score sheets I observe that it is a good thing that GAS RAHN has STAN GIRLING on his team. . . . Does getting elected to township councillors cause a person to bowl a better game. Seems to work that with LOUIE McNIVEN. He rolled a 352-196-190 for a 738 Monday night. JIMMY NEEDLE NOSE DUNHAM has broken forth in a new eruption. He says that when he was a boy on the farm at Elfrida he used to get up every morning at five o'clock and milk 35 cows before breakfast. Probably so, but they didn't serve breakfast in those days until noon. . . . When the word came over the teletype the other night that PRESTON had sloughed down BOBCAYGEON and won the justice. Then Preston raves about the war veterans on their team. How

intermediate B championship BIG RUSHTON was fit to be hog-tied. Wotta yew think of that, wotta yew think of that. Preston are champs. Why the PEACH KINGS could lick them and never work up a sweat. I seen them play. They are not in the same class with the KINGS. The third best team in Ontario wins the championship. Bah, there ain't no about the 11 war vets on the KINGS. Best bunch of vets that ever wore skates. And so on into the night. The big boy was really in a lather . . That Grimsby Baseball Club that received permission from the Board of Education to use the Public School grounds is a team of teen-agers from the High School. They are looking for a sponsor and also a league to play in. They may possibly join the Hamilton juvenile league. . . . All is quiet on the softball front. What RUSHTON has up his sleeve or in his hip pocket he is keeping there, but it is an even money bet that come VICTORIA DAY he will be popping to the surface with a ball team of some kind. . . . This column received a telespatch from the Northern wilds the other day seeking information as to what lake LITTLE WHIZZER was going to fish in this summer. Self preservation. The fish will leave the other lakes and spend the summer in WHIZZER'S lake where they will be safe. . . . Don't forget that the Canadian Legion is going to hold a big field day of athletic sports on VICTORIA DAY on the High School grounds and a big street dance at

Lawn Bowling

Tom Langton's four were just a little too good for Grimsby Friday night, winning 10 ends to 8 and by a score of 19 to 16. The rinks: Grimsby-Dave Aiton, Art Clark, hero of the films and the Bert Harvey, Brock Snyder-16.

cord highway construction and improvement program is to be imple-

is to be made under the Liquor License Act, a step designed in the course of temperance. Another measure introduced by Attorney-General L. E. Blackwell provides for widening of Provincial Police work by a new war-proved frequency modulation radio system. This will institute new methods in crime prevention, the new system knitting together the whole police system by permitting not only station to car two-way communica-

tion but car-to-car communication. A new minimum wage for men is to be brought in by regulation, Minister of Labor Charles Daley announced Subsidies on cheese. hogs, and sugar beets are continued for another year by measures introduced by Minister of Agriculture T. L. Kennedy. Another bill from his department sets up the Ontario Food Terminal to be built in York County for handling of fruit and produce. The Conservation Authorities Act provides for such authorities in various parts of the province, similar to the Grand River Conservation and Thames River Control commissions. Three municipalities within a watershed may proceed to create an authorty under this measure to control flood

The session occupied 25 sitting days. This included nine night sessions, and one morning sitting. At prorogation, the historic mace, symbolizing the King's authority. and used at the first legislature held in Ontario on Sept. 17, 1792, was taken into the Chamber. This first session was at Newark, now Niagara-on-the-Lake. On April 27, 1813, this mace was seized by U.S. troops when capturing York. It was taken to Washington remaining there until 1934 when the late President Roosevelt directed its return here. Premier Drew announced it will be encased in glass and placed on exhibition in Parliament

A select committee was a pointed on motion of Premier Drew to study and report on members' indemnities.

HUNTERS' PARADISE the rounds four times a day co lecting the eggs and placing them in incubators. If they find an egg that has been pecked, they coat it with a tar-like substance and put it

taste of the tar, they are cured of eating any more eggs. Last year, Mr. Thompson kept close record of the eggs, an found that one hen laid more that 100 eggs. Usually a hen will lay at. 20 eggs and then stop laying will she hatches out her first family and looks after them. Later she

Breeders Association. They have found that by feeding certain laying mashes they can get a heavy production of eggs. These are gathered promptly, so the hen's laying is never interrupted by long periods of nesting.

"If our 340 hens each produce 100 eggs this year, that's 34,000 William F. Jones. "If we get even a 50 percent hatch that would give birds. We should easily summer."

Last year the Association plain or embroidered, cheap at 75 leased about 3,000 birds in the two

"We're not playing for peanuts," said Lance Dunn, who is chairman

"We aren't out just to have good er, the farmer, and everyone else. We wouldn't have a jam of hunters two brightly-colored cock birds, are nice-looking birds, but they'll look a lot better to us over our gun sights

The association which started three years ago with a few birds on pens, incubators, brooder houses. and holding pens on the farm Art Thompson, opposite the Power Glen School. This spring, the Ontario Department of Game and Fish recognized the work of the association, and worked with them to secure a lease of some land next to the school, leased by the tario Hydro Electric Power Commission. About 10 acres of pens. Another 10 acres will planted in corn for feed. Farmers mented with expenditures of \$46,- in the area are being approached and asked to leave some corn Complete revision of liquor sales their fields for food for the birds

after they are liberated.

The assets of the Association now run into a considerable sum. On their original farm they have 64 breeding pens. There are nine incubators, each of 750-egg capacity. Baby pheasants go into hovers -little screen boxes-for four days. They will then be transferred provided for in the budget, A re- house and little runs, and holding to the 14 brooder houses and pens each of which will hold 450 birds. After eight weeks they are old enough to be moved to two big holding pens. These pens, 200 by 40 feet, are now under construction Each will hold 1,200 birds. At 10 to 12 weeks of age they will be liberated by the members, each in his

favorite hunting grounds. Each Sunday and several evenings a week sees members busy with saws and hammers building the 14 brooder pens. These are nearing completion next door to Power Glen School .

Last week the odd could be seen sneaking along the outside of the breeding pens. Mr. Thompson explained that these are birds raised at the farm last year, and liberated in the neighborhood. They have become homesick and returned to their birthplace. Several of these wild birds are caught each day and are placed in pens to become part of the flock of breeding tock. The association has introduced new blood into its flock, by purchasing eggs from Wisconsin. These were hatched last year and the birds were kept, to introduce a new strain into this district. The native pheasants bere have become a type of bird that prefers to stick to cover and fly too low for good hunting and it is hoped the new strain will produce a more sporting bird.

TENTATIVE RECOMMENDA-TIONS FOR THE USE OF DDT AGAINST HORTICULTURAL PESTS IN 1946

On the basis of experimental work conducted by the Division of Entomology, Dominion Department of Agriculture, the following recommendations for the use of DDT against horticultural pests will be made this year. In the directions the amounts given are of actual DDT which means, for example, that to obtain a concentration of 1 lb. actual DDT per 100 gal., 2 lbs. of a 50% spray powder or 5 lbs. of a 25% DDT spray powder would have to be used per 100 gal. DDT should not be applied to leafy vegetables such as lettuce or to cabbage after the heads begin to form. It should not be used on cucumbers, squash, melons and related crops nor on young tomato

plants because it may injure them. Potatoes: To control leafhoppers, fleabeetles and potato beetles, use 1 lb. per gal. of bordeaux mixture or fixed copper spray or apply a 3% DDT dust incorporated in a fixed copper.

Cabbage: To control fleabeetles, cabbage worms, loopers and diamond black moth, use (1) 1/4 lb. in 100 gallons of water, or (2) a 3% dust until heads begin to form after which derris spray or dust should be substituted.

Grapes: For leafhoppers, use lb. in 100 gal. of bordeaux mixture after the fruit has set. To control [rose chafer on grapes, just before the blossoms open use 1 lb. in 100 gal. of water or bordeaux mixture. DDT spray powders and dusts

may now be purchased from the

manufacturers of agricultural in-In order to conserve our very limited supply of Nicotine Sulphate for dealing with summer infestations of Pear Psylla and Aphids, all grape growers are urged to use DDT in place of micotine for the

control of grape leafhoppers. DDT is very effective and is cheaper than nicotine for this purpose. W. A. Ross,

It Is False

to believe that tomorrow will never come. It will come inevitably, and with it all the uncertainties and problems of a new world. You prepare for tomorrow when you become a policyholder of the

A strip film entitled "A Mighty Fortress" will be released across the oDminion. It covers dramatically the growing need and develboulevard is nearly completed and opment of a spirit of co-ordination the family expect to move in short- among all people of good will. Through the growth of a savage ideology of blood and strife, the destruction of the cities of the old world, whole nations broken in spirit and filled with fear, is shown the work of the Church during the war years and the epic task that addition to the White Aircraft awaits it in the future. This film has been beautifully handled and the recorded narration with musical background builds a great atpresentation. It is indicative of the broad vision of the church that the modern handling of such visual aids shows in its increasingly successful effort to come into the every day life of its people.

You may find yourself in the same position as Joe Green. Anybody may! Personal loans through your bank make it possible for you to anticipate future earnings. This is an essential part of its services.

Such loans may be obtained to meet financial needs of many kinds; to lay in ahead a winter's supply of coal, to pay municipal or other taxes in time to earn the discount, to provide for home repairs, to send a boy or girl to college, to consolidate debts-indeed for any sound reason.

Bank credit runs through all personal life and commercial life. It operates silently and unobtrusively. You take it for granted. That is the way Canadian banking works.

Golden Weddings At The Inn

Golden Weddings was the span of arines and Lincoln Countwas held years that was bridged at the Village Inn this week.

On Monday Major (Dr.) and Mrs. Vance R. Farrell entertained at a double Golden wedding anniversary. Mrs. Farrell entertained for her parents Mr. and Mrs. F. R. Beecham of Beamsville who were 50 years wedded on April 15th; Major Farrell was overseas when his parents, ex-Mayor Charles T. and Mrs. Farrell celebrated their 50th anniversary two years ago so he entertained them on this occassion. 35 guests were present and greatly enjoyed the special viands from the Inn cuisine, on tables prettily decorated with yellow car- lety. nations and candelabra with yellow candles, Mrs. Beechman and Mrs. Farrell wore beautiful corsages of talisman roses.

In the afternoon Mrs. Beecham was at home to her many friends pot street and was the recipient of many beautiful bouquets and plants from relatives and friends. At the dinner in The Oak Room of The Inn guests were present from Hamilton, Rochester, Beamsville, Grimsby. Mr. Ralph Salter, F.C., of Toronto, a nephew of Mrs. Beecham and Mrs. Salter, were among the guests.

day at The Inn, the dining room the Grand Howl was taken by the being taxed to capacity at both luncheon and dinner

There are a great many reservations booked for dinner tomorrow, Good Friday and for Easter

Obituary

ALVIN L. ALTHOUSE

After a lingering illness of some months duration Alvin L. Althouse a life long resident of the Grimsby district passed away at his home on No. 8 Highway east on Saturday morning.

Deceased gentleman was born on the old Althouse homestead on the Ridge Road west, the son of John and Rachel Althouse and farmed there for many years. Some years ago he moved below the mountain and fruit farmed at the corner of Nelles Road and No. 8 Highway,

A man of quiet, genial disposition he had many friends throughout the district. He was a member of Trinity United church.

He is survived by his wife the former Henrietta Madden,

Funeral services were conducted from his late home on Monday Lawn cemetery.

Women's Institute

The Women's Institute held Grandmothers' Day meeting at the they visited "The Royal Ontario League of Nations failed. home of Mrs. E. Wilcox, John ers' costumes were worn and old- ing Hood", a pantomine, and "Beautime relics were displayed during ty and the Beast" a dialogue. the roll call. An old-fashioned wicker basket for gathering eggs, used many years ago, was brought in by Mrs. Wm. Layton. A spoon over 200 years old with an interesting history came from Mrs. A Caton. Mrs. Ransom had an ancient Bible, and Mrs. G. Graham brought two bottles containing a miniature spinning wheel and gave interesting bits of history concerning them. An Orangeman's certificate of great age came from Mrs. Chas. Bierd.

Mrs. George Warner, District Director, gave a report on the semi-annual District meeting held last week in Beamsville, and announced the date of the District Annual as June 12th, to be held in St. Catharines.

Mrs. Layton, President, explained that funds left over from Jamfor-Britain will be used for food for Britain.

It was arranged to have a Lady Tweedsmuir Scrap-Book prepared for the District Annual in June. Volunteers for the Clinic for May

were Mrs. C. A. Marshall and Mrs. H. Harvey. The winner of the special draw

was Mrs. H. Burton. Ticket No. 20 was drawn on the dresser set donated by Mrs. C. Norman. Anyone having this ticket please call Mrs. Norman. If not called for before the next meeting-May 21st- another will be drawn.

The next meeting, which is the Annual Meeting, will be held at Annual will be discussed. Conven- cycle traffic: ers will be Mrs. C. Norman, Mrs. G. Warner, Mrs. G. Graham and Mrs. H. Burton.

Mrs. Alex Ryans entertained for a few minutes with an interesting handle bars. following which she and her com- bicycle." mittee served a delicious lunch.

cost as under the present set-up. Commissioner Stringer appeared eager to have the Village adopt this system, which may become compulsory in the near future, as municipalities of certain sizes will chased the Sinclair Estate on east be compelled to adopt more police King Street, consisting of the large

special session this week, or next, the late Senator Gibson's estate, and this matter will certainly be has been in the Sinclair family for Hall and Crescent Ave. project.

Busy Days At Stone Quarry

rock is going out of the Beamsville shock to a host of friends in this quarry. Monday afternoon King district. Deceased was in her fifty-Paving Company arrived in Beams- third year as death came at her decades. ville with a gigantic crane, and Clinton Township home last Friwork started Tuesday on the re- day, April 12th. moval of another large amount of the limestone rock from the local quarry.

Mr. Jack Prince of King Paving stated in an interview with The Independent that two crapes will be in operation, and at least fourteen dump trucks will be used, to transport the rock from the mountain site to the C.N.R. siding at Beamsville. Here it will be loaded on flat cars and shipped to the Bronte and Oakville district. He also said that the Company would be hauling rock to the lake front here. The Village sells the rock at a cost of one dollar per load to King Paving. Although regular drivers will be used, some local men are needed as truck operators.

New Electrical Store Completed

Mr. G. V. Bousefield has completed his new electrical store on King street, and it is without a doubt one of the most modern stores in the village. Commencing immediately, Mr. Bousefield will remodel the eastern part of this former McKeeman building, and another fine store will be available for rent, to a satisfactory business, The second storey will be made into two modern apartments, which will give this building a complete change of face, and one that will do credit to any Main street.

As announced in the press sometime ago, Mr. Bousefield has not accepted the agency for any automobile manufacturer, and although this might be a reality in the future, nothing definite has been done at this time.

Women's Institute

The regular meeting of the Women's Institute was held on Tuesday afternoon with a very good attendance. The President, Mrs. R. A. Saunders, was in the chair.

Two hundred dollars was paid to the West Lincoln Memorial Hospital as final payment on the resuscitator. This machine was donated by the W.I. as a memorial to the men from Beamsville and District, who fought in this war.

Other funds to which the W.I. contributed, included the Fund for Britain (\$50.00) and the Cancer Fund (\$5.00).

Mr. Van Harlem of the Vineland Experimental Farm was the speaker and gave an interesting talk on their work in the planting of trees and other matters of interest to this agricultural district. Mrs. H. Canning gave two very

elightful solos, accompanied by Miss Helen Tokawia, brilliant Japanese-Canadian piano artist.

Afternoon tea was served to conclude the meeting. Mrs. Claude Tufford and Mrs. Charles Watterworth were the hostesses.

Lake Shore Items

The Lakeshore Circle met at the home of Mrs. Wallace Ryckman last week for its regular monthly ession, and the highlight of the afternoon was the holding of an

auction sale. Articles were varied, consisting of everything from cakes to plants, and approximately twelve dollars was raised from this effort on behalf of the Lakeshore group

Born in Scotland, she came to Canada at an early age and settled in the West, Leaving Saskatchewan, she came to this district where she has resided for over two

Left to mourn her passing are her husband, and four sons, Russell, Ross, Charles and Albert, all at home One brother, George Nicoll and one sister, Mrs. Harry Wilson, both of Limerick, Sask.

The private funeral was held from her late home on Monday afternoon with service conducted by Mr. Charles Matthews, of Hamilton. Interment was made in Mount Osborne Cemetery. Casket bearers were Messrs. William Charles, Hugh and Gordon Lounsbury, Alfred Pinfield and Oscar Hissard.

FRANK H. BREWER A resident of Vineland for the past twenty-five years, Frank H. Brewer passed away suddenly in his 68th year. Deceased was born in Gainsborough Township, but has been connected with fruit growing in the Vineland district.

He was a valued member of the M.B.C. Church of Vineland and his only immediate survivor is a sister, Mrs. Mannie McPherson of Vine-

Funeral services were held from the J. W. Buck and Son Funeral Home on Tuesday afternoon, thence to the M.B.C. Church at Vineland for service at 2 o'clock. Rev. R. Beech conducted the final rites. Interment was made in Hillside Cemetery, Ridegville.

CHARLES S. PEACOCK

The sudden death occurred Monday morning of Charles Stanley Peacock, beloved husband of the former Janet C. Wylie, at his home on the "Vineland Experimental Farm at Vineland Station.

His early passing came as shock to a host of friends and associates at the Farm, where he has been employed for the past twenty

In his thirty-ninth year, deceased was born in Bracebridge, Ont., and came to Vineland twenty-nine years ago. He joined the Experimental Farm staff in 1926, and he been a foreman for the past several years. A member of the Trustee Board of Rittenhouse School, acting as Secretary Treasurer, he was also a member of the Ivy Lodge, Beamsville.

Besides his wife, he leaves to mourn his passing one daughter, Margaret, at home. His parents, Mr. and Mrs. John Peacock of Vineland Station, also survive. Two sisters, Mrs. Fred Backshall, of St Catharines, Mrs. Walter High of Jordan, and four brothers, Jack and Claude of St. Catharines, Percy of Toronto and Reg of Vine-

The private funeral service was held from his late home on Wednesday afternoon at 2.30, and public service was held from the Vineland Station United Church at 1 p.m. Interment was made in Vineland Cemetery.

I.O.D.E.

> A tasty lunch was served at the close of the entertainment even-

A lot of the boys are getting eager to toss the ball around, and plans are underway to call a meeting in the near future to formulate plans for a ball team for Beamsville. For the past three years a group of Beamsville-Clinton guys have maintained a hardball team with little or no assistance from the Town, or any other or ganization. This year things should be different, but it is not up to the boys to ask for help, the Lions or the Chamber of Commerce should come forward and support a Beamsville team. With a lot of the boys back from overseas, there is no reason in the world why Beamsville should not have a strong entry in an organized league, but a venture like this necessitates the support of the Town or a group of men who band together to promote just such endeavours as a ball team. The Lions Club is just such a group. How about it, Mr. Richard-

. . . May the Easter season hold joy for all, and let's not forget the real reason behind the Easter season Attend your Church on Sunday.

At 11.10 Sunday evening the Beamsville Fire Department answered an alarm sent in from the residence of Mr. and Mrs. C. Romagnoli, located on No. 8 Highway about one and a half miles east of the Village.

Damage was restricted to the loss of a Hydro electric water heater, and slight damage to the ceiling of the room.

Radio Officer Rod Davis, son of Mrs. Ina Davis, Queen Street, left this week to join a new ship at St. John, New Brunswick, which will carry him to southern climes, their port of calling being Buenos Aires. BANQUET The one outstanding bright spot in the large banquet hall was the centre table which was graced by the young ladies that served their King and Country in the different branches of the services and also by a war bride who had been in the service.

A most excellent floor show was presented by a troup from Toronto that have only recently returned from overseas where they had been entertaining the troops in the field.

It is almost deadline for The Independent to go to press, so this story is brief. Next week we will give you a more detailed account of all that happened, but you can rest assured that it was an evening that no one present will ever for-

received a \$5 bounty. Road Supt. Thos, Mackie reported that he had a large crew of men working in the quarry at the top of the Park Mountain getting out stone, and he expected to start crushing the end of this week. He also stated that township roads were in good shape for this season of the year.

Council granted Assessor Gordon Metcalfe an extension of time of 30 days for returning his roll. This is made necessary by the number of property changes taking place, new homes being built, cottages being converted into permanent residences, etc.

The Independent was awarded the township printing for the year. Reeve Durham reported that there are now 61 all-year-round residents living within the Park boundaries of Grimsby Beach.

Township Engineers McKay and McKay were instructed to advertise for tenders for improvements to the Woolverton Mountain as per the plans submitted last year.

A petition was received from W. Shiffler, H. Lake, Pearl Southward, Evelyn H. Walters, F. G. Reinke, M. Pasowysty, J. A. Biggar, Jessie Biggar, C. A. Bridgman, for the construction of a six inch water main on Kelson avenue from No. 8 Highway to Barton street, west on Barton to the township line and east for a quarter of a mile. Council will have McKay and McKay prepare an estimate of the cost of construction. If constructed it would be under the Local Improvement Act.

Rural Hydro Commission are building a new power line on Marlowe avenue and council will locate two street lights there.

Anderson Motor Sales were granted a 30 day extension of time for delivery of the township's new dump truck, Two vacant lots in Grimsby

Beach will be sold to Miss Bertha Adams for \$50. She is to pay expenses in connection with transfer Very Rev. N. M. Kohut, O.S.B.M. superior of the Basilian Fathers monastery, wrote to council advising that in an effort to minimize juvenile delinquency as much as possible the order was prepared to set aside one of its houses to accommodate up to 40 or 50 boys for the summer months and was also prepared to give them a quali-

Department of Highways has advised council that it will not pay local improvement tax on a property which it owns on No. 8 highway in front of which a water main was laid, claiming that under the B.N.A. Act. Canada and all Its provinces are exempt from taxation. The amount involved is \$43.12 a year for 15 years.

Hature Unspoiled YOURS TO PROTECT ... "REFORESTATION" Based upon a picture pointed for Carling's by T. M. Shortt, and one o a series of subjects on the conservation of Canada's natural assets. *A full colour reproduction

"Brother, It's All Yours!"

You may never have gone fishing, hunting, or camping—you may not even have a garden—yet, as a Canadian you are heir to the vast wealth of our forest lands; to a heritage of beauty unparalled in the world.

Canadians by the tens of thousands depend upon the forest bounty. Every day more and more varied uses are being found for forest products. Great lumbering and pulp and paper industries have been built from them.

But—is this great asset inexhaustible? This is a leading question. And the answer is thought-provoking. Without fire prevention, timber cutting control and research to cut down insect depredations -and above all, without your understanding support of every conservation method, our forests could vanish!

To help make knowledge of conservation available to everyone, Carling's have formed The Carling Conservation Club. *To join this club just write to Dept. (F13), The Carling Breweries Limited, Waterloo, Ontario. You will receive, without cost to you, authoritative and interesting information on conservation, from time to time.
